

TECHHUB6

DESKTOP BUSINESS SERIES

RESULTS FOR TODAY AND FOR TOMORROW

Space-saving charging and storage solutions for your laptops, Chromebooks, tablets and handheld devices

PowerGistics **TECHHUB6** is designed specifically to evolve to your future charging and storage needs. Devices, office layouts and your deployment needs will change in time. PowerGistics **TECHHUB6** has the flexibility for business needs today, and for tomorrow.

Key Features for Business:

1. Open Concept Door

Allows for quick visual inventory of devices, while the door ensures security.

2. Wireless Updating

The open design allows for obstruction free updating of devices.

3. Cable management

Each shelf has its own cable channel, which positions the cord at the front of the shelf. This ensures the devices are plugged in upon return and eliminates potential cord tangling.

4. Keep It Cool With Plastic Free Aluminum Construction

The open design invites air circulation. Lightweight, aircraft grade aluminum, provides a natural heat sink that increases device longevity.

5. Sliding Panel Power Strip Access

Convenient access while hiding power strip.

6. Optional Lock

This unit comes with the ability to add a padlock.
