

TOWER20PLUS

DESIGNED FOR YOUR SUCCESS.

ZERO CLASS TIME TO DEPLOY DEVICES

PowerGistics Towers proprietary device management allows teachers to teach and students to manage their own devices. This reclaims thousands of classroom hours that cumbersome carts, baskets and cabinets are currently taking away from your district.

RESULTS FOR TODAY AND FOR TOMORROW

Towers by PowerGistics are designed specifically to evolve to your future deployment needs. Devices, classroom layouts and your deployment needs will change in time. PowerGistics wall mounted towers will evolve to be free standing, or mobile* giving you the ultimate in deployment results with flexibility for today and tomorrow.

MAINTENANCE FREE CABLE MANAGEMENT

PowerGistics tangle-free cable management systems allow students of all ages and abilities to manage device retrieval and return activities. PowerGistics towers put education first, and returns hours of productive time back to teachers and IT Staff.

Administration

- ✓ Product designed to put education first
- ✓ Improved staff relationships
- ✓ Results that achieve your district goals

Teachers

- ✓ 100% student managed
- ✓ Clean cable management
- ✓ Space saving design
- ✓ Creates time for teachers to teach

IT Staff

- ✓ Affordable versatility
- ✓ Maintenance free deployments
- ✓ Results colleagues notice
- ✓ Justify purchase with real ROI results

Everyone

- ✓ Enhanced security
- ✓ Improves the quality of your students education
- ✓ Reduces repair costs and time

DEVICE READINESS AND VISUAL SECURITY

The greatest benefit of the PowerGistics design is the see-through asymmetric door. This allows teachers to clearly see if all the devices are charging and stored from anywhere in the classroom. This ensures device readiness and security. Teach without the worry of having to manage uncharged or missing devices.

LIFETIME WARRANTY

*Roller not available in TOWER20 series

TOWER20PLUS

Key Features for Academic Results

1. See-Through Asymmetric Door:

Teachers can see if devices are put away and plugged in from anywhere in the classroom.

2. Wireless Updating:

The open design allows for obstruction free updating of devices.

3. Small Footprint:

Two of our Towers take up less than half of the square footage of a single cart and look good doing it.

4. Versatile Mounting Options:

Wall mount, stands, or rollers* are designed specifically to evolve to your future deployment needs.

5. Maintenance Free Cable Management:

Allows students of all ages and abilities to manage deployment activities. No more lost or stolen cables.

6. Colored Shelves:

The four-color shelves allow for organized deployment options for team learning. Custom colors are also available to show school spirit.

7. Plastic Free Aluminum Construction:

Lightweight, powder coated, aircraft grade aluminum provides a natural heat sink that increases device longevity.
