

TABLETOWER8 USB

Keep Lessons on Schedule

For Chromebooks, iPads and more

Key Features

100% Successful Student Management

Designed for students to self-manage their own charging process. The maintenance-free cable management is designed for students to quickly return and retrieve their own devices.

USB-A to USB-C Cords Included

8 USB-C cables included for each of the 8 shelves. 10 port USB-A power strip in the spine. Use the extra ports to charge multiple items on any shelf. Charge time 5-7 hours.

Lay Flat Shelves

Lay flat shelves not only save space, they are the most user friendly orientation. Students naturally use two hands when returning devices, reducing drops. Eliminate spine damage altogether.

High-Quality Aluminum Construction

Aluminum acts as a heat sink, drawing heat away from devices, extending battery life. Antimicrobial powder coat. Manufactured in Wisconsin with a lifetime warranty.

Recommended Use Cases:

- Charge student devices overnight in classrooms.
- Keep loaner devices organized in IT offices or libraries.

*For a quicker mid-day charge, look at the TableTower8 Standard Power (1D0821SC1).
