EVERYONE
 ENHANCED SECURITY
 SAVES DEPLOYMENT TIME
 REDUCES REPAIR COSTS AND TIME

WHAT SCHOOLS SAY ABOUT POWERGISTICS

“We love the small form factor and security of the PowerGistics Tower. Space is always at a premium in any classroom and the PowerGistics Tower gives us easy access to the devices while taking up minimal space. The fact that you can easily verify the devices are present and charging without unlocking or opening the unit is another plus. Finally, the colors fit in well in our elementary classrooms and give the very utilitarian units a bit of design interest.”

Jeff Thweatt- Ezell-Harding Christian School

LIMITED LIFETIME WARRANTY

SMALL FOOTPRINT

The PowerGistics wall mount towers save space with our vertical storage design. Expedite your transitions by implementing a split deployment strategy.

TANGLE FREE CABLE MANAGEMENT

PowerGistics NEW design holds cables snug so students and staff have just enough cable to plug in their device, saving IT staff hours of untangling!

STUDENT MANAGED

Students can easily manage charging of their devices with an open design for easy visual inventory and charging status.

SPEED OF DEPLOYMENT

Tower device management allows students to manage their own devices during transition, saving instructional time.

KEYFEATURES

Stores Standard iPads and 11.6" Devices

- 1 **Anchor Keyhole:** Anchors the spine to the wall, while still allowing access to the back.
- 2 **Cable Management Eyelet:** Specifically designed to allow enough cable to charge devices while securing each cable to eliminate loss & damage.
- 3 **Baseboard Cut Out:** This cut out allows for seamless placement against the wall & floor.
- 4 **Powerstrip Access:** Convenient access while hiding powerstrip.
- 5 **Floor Standing:** The floor carries the weight while the wall mount keeps the tower upright.
- 6 **Open Concept Door:** Allows for quick visual inventory of devices, while the steel door ensures security.
- 7 **Keyed Lock:** 2 position lock that requires a key ONLY to unlock door.
- 8 **Side Strip:** The side strips provide extra security and shelf stability eliminating device access from the side.
